

***Preseason Maintenance Yearly Special *
January 1 thru April 1**

A 33 POINT HEAT & AC SYSTEM CHECK COMPLETED AT YOUR LOCATION.

**Standard A/C Preventative Maintenance Program
33-POINT SYSTEM check and replacement of dryer
*Call for Price***

We complete the following specific maintenance items:

- Remove the old refrigerant from the system
- Check for system leaks (using vacuum and/or pressure testing)
- Replace drier
- Inspect hoses, tubing, and connections
- Inspect compressor, compressor mount, drive belts and clutches
- Inspect and clean evaporator and condenser coils
- Inspect fans and clutches for proper operation
- Inspect electrical connections and control mechanisms
- Inspect air filters, if any
- Replace refrigerant with properly measured charge
- Check outlet temperatures

Special terms and conditions apply with equipment with difficult access to the condenser and evaporator coils taking more than 1 hour to complete.. Also, repairs made at the time of inspection will be completed at standard rates for labor and parts. These prices include a minimum of three pieces of equipment per trip. This price does not include travel. Travel will be billed at standard rate.

Disclosure: These services do not include OEM parts.
