

# **BACKEYE®**

# **VBV-155M Mono Vehicle CCTV System**

## **Great Value, Reliability & Functionality!**

### **Kit includes:**

- VBV - 155M Monochrome monitor
- VBV - 100C Black & White camera
- VBV - L110C 10 meter cable

**VBV-100C**  
low light mono camera

**VBV-155M**  
5.5" CRT mono monitor

Our VBV-100C Camera is a low cost black and white camera with no compromise on reliability. It features 18 infra red LED's that are activated in low light conditions so you have clear visibility in pitch black conditions.

#### **Features:**

- 290,000 Pixels
- Waterproof
- -4°F to 158°F Operating Temp.
- -40°F to 176°F Storage Temp.

Our lowest price monitor – but with no compromise on reliability! It features the functionality that you would expect only on more expensive systems, including two camera inputs as standard, a day/night dim switch and a neat and easy fit sun shield.

#### **Features:**

- 5.5" Monochrome Screen
- 100G Mechanical Shock
- 5G Mechanical Vibration

- 12-24Vdc Universal Voltage
- +14°F to +140°F operating Temp.
- -13°F to +158°F Storage Temp.

**2 year  
warranty**
